The story is based in Ayanagi City, which faces the Sea of Japan. It's a futuristic city that survived the outbreak of "Mass Apathy Syndrome" ten years ago. Shin Kanagawa and his younger brother Jun meet their eldest brother Ryo, who is a young Chief Officer at Ayanagi City's police station, for the first time in ten years. Meanwhile, the city is facing a string of mysterious incidents. Ship crew members disappear from their underwater submarine. The Apathy Syndrome resurfaces, much like ten years ago. The Reverse case, a series of student murders, intensifies. Ryo investigates an organization involved in all of the above incidents. One of these incidents results in the awakening of Shin's Persona. The wheel of fate begins to turn for this family of brothers.
