

#### About NIS America

NIS America is a subsidiary of Nippon Ichi Software, Inc., a Japanese company famous for its unique line of strategy RPGs including titles such as Disgaea, Phantom Brave, and Makai Kingdom.

In 2003, NIS America was established in Southern California to publish exciting and innovative game titles for North America.

NIS America's team members devote themselves to the fans. Our respect for our fans is at the heart of everything we do. As a growing strategy RPG publisher in the U.S., we are committed to continuous improvement and dedication.

## TRINITY UNIVERSE COMING TO NORTH AMERICA and EUROPE!

Santa Ana, Calif. (Mar 23, 2010) – NIS America announced today that Trinity Universe, an all-new RPG for the PlayStation®3 will be making its way to North America and Europe this coming June.

Nippon Ichi Software, Gust, and Idea Factory have joined forces to bring an all-new hardcore RPG. Trinity Universe combines the characters of the Disgaea and Atelier series together in an original world setting. Players will take on the role of either a male main character or a female main character. Both of these characters have their own original story with many guest appearances. The game will be in full 3D with beautiful anime style artwork.

#### Trinity Universe Story (Kanata)

For generations, Kanata's ancestors have protected the Netheruniverse by transmogrifying into a Demon God Gem. However, Demon God King Kanata refused to become the gem and instead became a Demon Dog King. Since then, he has enjoyed a carefree life in hiding, but he eventually began thinking about the toll of his decision. Accepting the title of Demon God King and becoming the gemstone will stop space debris from crashing into his world. If he could get to the source of the space debris and solve the problem, everybody will be happy. Determined, Kanata goes on a journey to save his world.

#### Trinity Universe Story (Rizelea)

Rizelea is a Valkyrie who keeps the galaxy's peace and harmony. She has been keeping the peace for hundreds of years, but one day she decides to go to the run-down sections of the Netheruniverse to restore the peace there. When she arrives, she learns that the Netheruniverse is constantly in danger from space debris and decides to investigate this matter.
