

DISGAEA 3 TROPHY UPDATE PATCH SCHEDULED FOR RELEASE!

Santa Ana, CA (Jul 8, 2009) – NIS America announced today that a trophy update patch for Disgaea®3: Absence of Justice will become available on **7/16/2009, 1:00am PST**. The patch will add the trophy function to Disgaea 3 and allow players to gain Trophy points by accomplishing the various requirements.

CAUTION: Trophy Patch Update will make old save data unusable.

The Trophy Update Patch will update the Disgaea 3's system file, called an SDK, which will make your OLD SAVE DATA UNUSABLE. Therefore, if you wish to keep your old save data, please do not download and install the Trophy update patch. However, the update will provide over 50 trophy objectives to receive various Trophy rewards. Some Trophies are extremely challenging to acquire and will test the player's skills to the max. Players can expect countless hours of game play from this update.

About Disgaea®3

Disgaea®3 is a sequel to Disgaea®, a hardcore, turn-based, strategy RPG popular on the PlayStation®2 and PlayStation® Portable. In Disgaea®, character units have a limit to their movement and attack ranges, based on level and weapons equipped. There are other special game factors that let you take advantage of the 3D battle map, many of which are unique to Disgaea®.

One of the many new feature to Disgaea®3 is the addition of a Geo Block, which creates a 3 dimensional battle instead of the traditional 2D. Much of Disgaea®3 is yet to be unveiled, but rest assured, plenty is due to arrive in the coming months.
