A comprehensive mini-guide for Generation of Chaos is now available

Santa Ana, Calif. (March 10, 2006) – NIS America, announced today that a mini-guide for Generation of Chaos is now available for free online at <http://www.nisamerica.com>. The official mini-guide includes all the information you need to get the most out of Generation of Chaos.

FEATURES

- A walkthrough highlighting the aspects of the game play.
- A detailed map of the game world.
- Detailed coverage of all characters, spells, skills and items.
- Strategies to defeat even the toughest enemies and bosses.

About Generation of Chaos

Battles for world domination have been dragging on for generations. Now Allen of Zodia rises to end all wars and bring peace to the world. After the opening story, the player uses the strategy mode to build and strengthen the kingdom. In the beginning, the kingdom is small and weak. However, as you progress through the game, the player can conquer neighboring kingdoms and stretch its ruling powers throughout the land of Duke.

Unlike other RPGs for the PSP™, Generation of Chaos features massive, sixty-character real-time battles as well as sneaky espionage tactics.

Features include:

- Massive 30 vs. 30 real time army battles.
- Customizable troops and commanders.
- Freedom to fight with or against neighboring kingdoms.
- Your decisions during the game will change the outcome of the war.
